STEREO TOTAL are turning Discotheque! They give new versions of some tracks from their last album "Do the Bambi" (2005) a raving-up outfit (Europa Neurotisch + Babystrich) and group in rare songs from side-projects and remixes from acquainted bands of the likes of MOTOR MARK (UK) and JACNO (France). Echokrank, a crazy Berliner transvestite outfit on Klangkrieg Produktionen rework "Everybody in the Discotheque (I hate)" as Rocktendo-Version. The reggae-song "Bad news from the stars" from Brezel Göring last solo-record with Barom One on Gagarin Records, has the touch of great divinity and is available the first time on CD. Handing over the bands long standing live-party-set-up to a 100% Discotheque it's a pleasure to listen or dance through. There are also all tracks from Stereo Totals 2005 Disko B Vinyl-Off Releases available on one DigiPak with : "Do the Bambi Remixes" 12" (Disko B, DB134), including Mixes by MUNK & JUSTUS KÖHNKE, and all four Dub-inspired versions of "Das erste Mal" from the 10" Vinyl "Stereo Total vs. Mad Professor" (Disko B, DB135).
